IMMIGRANT NUMBERS FOR AUGUST 2025

A. STATUTORY NUMBERS FOR PREFERENCE IMMIGRANT VISAS

This bulletin summarizes the availability of immigrant numbers during August for "Final Action Dates" and "Dates for Filing Applications," indicating when immigrant visa applicants should be notified to assemble and submit required documentation to the National Visa Center.

Unless otherwise indicated on the U.S. Citizenship and Immigration Services (USCIS) website at www.uscis.gov/visabulletininfo, individuals seeking to file applications for adjustment of status with USCIS must use the "Final Action Dates" charts below for determining when they can file such applications. When USCIS determines that there are more immigrant visas available for the fiscal year than there are known applicants for such visas, USCIS will state on its website that applicants may instead use the "Dates for Filing Visa Applications" charts in this Bulletin.

1. Procedures for determining dates. Consular officers are required to report to the Department of State documentarily qualified applicants for numerically limited visas; USCIS reports applicants for adjustment of status. Allocations in the charts below were made, to the extent possible, in chronological order of reported priority dates, for demand received by July 2nd. If all reported demand could not be satisfied, the category or foreign state in which demand was excessive was deemed oversubscribed. The final action date for an oversubscribed category is the priority date of the first applicant who could not be reached within the numerical limits. If it becomes necessary during the monthly allocation process to retrogress a final action date, supplemental requests for numbers will be honored only if the priority date falls within the new final action date announced in this bulletin. If at any time an annual limit were reached, it would be necessary to immediately make the preference category "unavailable", and no further requests for numbers would be honored.

2. The fiscal year 2025 limit for family-sponsored preference immigrants determined in accordance with Section 201 of the Immigration and Nationality Act (INA) is 226,000. The worldwide level for annual employment-based preference immigrants is at least 140,000. Section 202 prescribes that the per-country limit for preference immigrants is set at 7% of the total annual family-sponsored and employment-based preference limits, i.e., 25,620. The dependent area limit is set at 2%, or 7,320.

3. INA Section 203(e) provides that family-sponsored and employment-based preference visas be issued to eligible immigrants in the order in which a petition on behalf of each has been filed. Section 203(d) provides that spouses and children of preference immigrants are entitled to the same status, and the same order of consideration, if accompanying or following to join the principal. The visa prorating provisions of Section 202(e) apply to allocations for a foreign state or dependent area when visa issuances will exceed the per-country limit. These provisions apply at present to the following oversubscribed chargeability areas: CHINA-mainland born, INDIA, MEXICO, and PHILIPPINES.

4. Section 203(a) of the INA prescribes preference classes for allotment of Family-sponsored immigrant visas as follows:

FAMILY-SPONSORED PREFERENCES

First: (F1) Unmarried Sons and Daughters of U.S. Citizens: 23,400 plus any numbers not required for fourth preference.

Second: Spouses and Children, and Unmarried Sons and Daughters of Permanent Residents: 114,200, plus the number (if any) by which the worldwide family preference level exceeds 226,000, plus any unused first preference numbers:

A. (F2A) Spouses and Children of Permanent Residents: 77% of the overall second preference limitation, of which 75% are exempt from the per-country limit.

B. (F2B) Unmarried Sons and Daughters (21 years of age or older) of Permanent Residents: 23% of the overall second preference limitation.

Third: (F3) Married Sons and Daughters of U.S. Citizens: 23,400, plus any numbers not required by first and second preferences.

Fourth: (F4) Brothers and Sisters of Adult U.S. Citizens: 65,000, plus any numbers not required by first three preferences.

A. FINAL ACTION DATES FOR FAMILY-SPONSORED PREFERENCE CASES

On the chart below, the listing of a date for any class indicates that the class is oversubscribed (see paragraph 1); "C" means current, i.e., numbers are authorized for issuance to all qualified applicants; and "U" means unauthorized, i.e., numbers are not authorized for issuance. (NOTE: Numbers are authorized for issuance only for applicants whose priority date is **earlier** than the final action date listed below.)

For August, F2A numbers EXEMPT from per-country limit are authorized for issuance to applicants from all countries with priority dates earlier than 01FEB22. F2A numbers SUBJECT to per-country limit are authorized for issuance to applicants chargeable to all countries EXCEPT MEXICO, with priority dates beginning 01FEB22 and earlier than 01SEP22. All F2A numbers provided for MEXICO are exempt from the per-country limit.

B. DATES FOR FILING FAMILY-SPONSORED VISA APPLICATIONS

The chart below reflects dates for filing visa applications within a timeframe justifying immediate action in the application process. Applicants for immigrant visas who have a priority date earlier than the application date in the chart below may assemble and submit required documents to the Department of State's National Visa Center, following receipt of notification from the National Visa Center containing detailed instructions. The application date for an oversubscribed category is the priority date of the first applicant who cannot submit documentation to the National Visa Center for an immigrant visa. If a category is designated "current," all applicants in the relevant category may file applications, regardless of priority date.

A "C" listing indicates that the category is current, and that applications may be filed regardless of the applicant's priority date. The listing of a date for any category indicates that only applicants with a priority date which is **earlier** than the listed date may file their application.

Visit www.uscis.gov/visabulletininfo for information on whether USCIS has determined that this chart can be used (in lieu of the chart in paragraph 4.A.) this month for filing applications for adjustment of status with USCIS.

The remaining 68% are unreserved and are allotted for all other qualified immigrants.

*Employment Third Preference Other Workers Category: Section 203(e) of the Nicaraguan and Central American Relief Act (NACARA) passed by Congress in November 1997, as amended by Section 1(e) of Pub. L. 105-139, provides that once the Employment Third Preference Other Worker (EW) cut-off date has reached the priority date of the latest EW petition approved prior to November 19, 1997, the 10,000 EW numbers available for a fiscal year are to be reduced by up to 5,000 annually beginning in the following fiscal year. This reduction is to be made for as long as necessary to offset adjustments under the NACARA program. Since the EW final action date reached November 19, 1997 during Fiscal Year 2001, the reduction in the EW annual limit to 5,000 began in Fiscal Year 2002. For Fiscal Year 2025 this reduction will be limited to approximately 150.

B. DIVERSITY IMMIGRANT (DV) CATEGORY FOR THE MONTH OF AUGUST

Section 203(c) of the INA provides up to 55,000 immigrant visas each fiscal year to permit additional immigration opportunities for persons from countries with low admissions during the previous five years. The NACARA stipulates that beginning with DV-99, and for as long as necessary, up to 5,000 of the 55,000 annually allocated diversity visas will be made available for use under the NACARA program. Visa numbers made available to NACARA applicants in FY 2024 will result in reduction of the DV-2025 annual limit to approximately 54,850. Section 5104 of the National Defense Authorization Act (NDAA) for Fiscal Year 2024 amended the NACARA's provisions on the DV program such that the number of visas made available under the NDAA each fiscal year will be deducted from the 55,000 DVs annually allocated. These amendments will further reduce the DV-2025 annual limit to approximately 52,000. DVs are divided among six geographic regions. No one country can receive more than seven percent of the available diversity visas in any one year.

For August, immigrant numbers in the DV category are available to qualified DV-2025 applicants chargeable to all regions/eligible countries as follows. When an allocation cut-off number is shown, visas are available only for applicants with DV regional lottery rank numbers BELOW the specified allocation cut-off number:

Region	All DV Chargeability Areas Except Those Listed Separately		
AFRICA	50,000	Except: Algeria	49,950
		Egypt	43,250
		Morocco	40,500
ASIA	11,000	Except: Iran	10,650
		Nepal	10,650
EUROPE	22,000	Except: Russia	21,950
		Uzbekistan	13,000
NORTH AMERICA (BAHAMAS)	Current		
OCEANIA	1,700		
SOUTH AMERICA, and the CARIBBEAN	2,600		

Entitlement to immigrant status in the DV category lasts only through the end of the fiscal (visa) year for which the applicant is selected in the lottery. The year of entitlement for all applicants registered for the DV-2025 program ends as of September 30, 2025. DVs may not be issued to DV-2025 applicants after that date. Similarly, spouses and children accompanying or following to join DV-2025 principals are only entitled to derivative DV status until September 30, 2025. DV availability through the end of FY-2025 cannot be taken for granted. Numbers could be exhausted prior to September 30.

C. DIVERSITY (DV) IMMIGRANT CATEGORY RANK CUT-OFFS WHICH WILL APPLY IN SEPTEMBER

For September, immigrant numbers in the DV category are available to qualified DV-2025 applicants chargeable to all regions/eligible countries as follows. When an allocation cut-off number is shown, visas are available only for applicants with DV regional lottery rank numbers BELOW the specified allocation cut-off number:

Region	All DV Chargeability Areas Except Those Listed Separately		
AFRICA	58,500	Except: Algeria	54,500
		Egypt	52,000
		Morocco	40,500
ASIA	14,500	Except: Iran	11,000
		Nepal	14,450
EUROPE	23,000	Except: Russia	22,950
		Uzbekistan	15,000
NORTH AMERICA (BAHAMAS)	Current		
OCEANIA	1,775		
SOUTH AMERICA, and the CARIBBEAN	2,825		

D. RETROGRESSION IN THE EMPLOYMENT-BASED SECOND PREFERENCE (EB-2) CATEGORY FOR REST OF WORLD COUNTRIES

Due to increased number use, it has become necessary to retrogress the EB-2 final action date for Rest of World countries. The issuance total in this category is rapidly approaching the annual limit for FY-2025, necessitating this slowdown of issuance rates. It is likely the annual limit will be reached sometime in August, if not sooner. Note that if at any time the EB-2 annual limit were reached, it would be necessary to immediately make the preference category "unavailable", and no further requests for numbers would be honored. This situation will be continually monitored, and any necessary adjustments will be made accordingly.

E. VISA AVAILABILITY IN THE EMPLOYMENT-BASED THIRD PREFERENCE (EB-3) AND OTHER WORKERS (EW) CATEGORIES

Visa demand and number use remain high in the EB-3 and EW visa categories, and issuance totals are approaching the annual limits for FY-2025 in those categories. It will likely be necessary to either retrogress the final action dates or make the categories "Unavailable" in September, if not sooner. This situation will be continually monitored, and any necessary adjustments will be made accordingly.

F. VISA AVAILABILITY IN THE EMPLOYMENT-BASED FIFTH PREFERENCE (EB-5) UNRESERVED CATEGORY FOR CHINA

In the April 2025 *Visa Bulletin*, the EB-5 Unreserved final action date for China was retrogressed due to high Rest of World demand. In the months that followed, EB-5 number use has not materialized to the degree that was expected. Consequently, and in accordance with INA 202(a)(5), the EB-5 Unreserved final action dates for China has advanced to allow continued EB-5 Unreserved number use. Note that if at any time the EB-5 Unreserved annual limit were reached, it would be necessary to immediately make the preference category "unavailable", and no further requests for numbers would be honored.

G. VISA AVAILABILITY IN THE EMPLOYMENT-BASED FIFTH PREFERENCE (EB-5) UNRESERVED CATEGORY FOR INDIA

In the April 2025 *Visa Bulletin*, the EB-5 Unreserved final action date for India was retrogressed due to high demand. It is expected that India will have unused family sponsored preference numbers that, under INA 202(a)(2), can fall down for use in the employment-based categories, including EB-5 Unreserved. As a result, the final action date for EB-5 Unreserved has been advanced to use these available numbers. Note that if at any time the EB-5 Unreserved annual limit were reached, it would be necessary to immediately make the preference category "unavailable", and no further requests for numbers would be honored.

H. U.S. GOVERNMENT EMPLOYEE SPECIAL IMMIGRANT VISAS (SIVs)

The National Defense Authorization Act (NDAA) for Fiscal Year 2024, signed into law on December 22, 2023, may affect certain current and former employees of the U.S. Government abroad, as well as certain surviving spouses and children of deceased employees of the U.S. government abroad, applying for SIVs or adjustment of status, as described in section 101(a)(27)(D) of the INA. This does not affect certain Iraqis and Afghans applying for SQ and SI SIVs. Applicants should contact the consular section at which they filed their Form DS-1884 for further information on the impact of that law on their case.
