Step 3: Medical Exam Instructions

Please note that medical exam results are not required prior to your interview. Visa validity is limited by the validity of the medical exam. Therefore, we advise applicants to not complete their medical exam before the interview, in case there is a delay in processing your visa. The officer who interviews you will instruct you to proceed with medical exams if applicable.

All immigrant visa applicants, regardless of age, require a medical examination prior to the issuance of a visa. Only a physician accredited by the U.S. Embassy can perform this exam. After the officer who interviews you instructs you to proceed with medical exams **it is your responsibility to schedule a medical exam with one of the doctors listed below before your visa interview** at the U.S. Embassy. Medical examination results from other physicians will not be accepted.

Items to bring to your medical examination

Please bring the following items to your medical exam:

- Your visa interview appointment letter,
- Your passport,
- Two (2) recently taken passport-sized color photographs, and
- A copy of your immunization records.
- DS-260 confirmation page

You must pay all medical examination fees, including x-ray and blood test fees, directly to the examining physician. Please allow **at least 14 days to** complete the medical examination process from start to finish.

During the Medical Exam

The medical examination will include a medical history review, physical examination, chest X-ray, gonorrhea test, and blood test (for applicants 15 years of age or older). The United States also requires tuberculosis (TB) testing for all applicants two years of age and older. Please be prepared to discuss your medical history, medications you are taking, and current treatments you are undergoing. More information on general medical requirements for U.S. immigrants is available on [the Centers for Disease Control and Prevention's website](https://www.cdc.gov).

U.S. immigration law requires immigrant visa applicants to obtain certain vaccinations prior to the issuance of a visa. Current immigrant visa vaccination requirements are available on [cdc.gov](https://www.cdc.gov). You can also read Frequently Asked Questions about our medical examination requirements via travel.state.gov.

After the medical exam

When your examination is completed, the doctor will either provide you with exam results in a sealed envelope or **send them directly to the U.S. Consulate. IF GIVEN AN ENVELOPE TO CARRY TO YOUR INTERVIEW, DO NOT OPEN THIS ENVELOPE. Instead, bring it to your visa interview.** Any x-rays will be given to you. You **DO NOT** need to bring the x-rays to your visa interview unless you suffer from tuberculosis. However, you **must** carry the x-rays with you when you travel

Step 3: Medical Exam Instructions

Interview Guidelines

Sending documents to the U.S. Embassy

If the consular section needs additional documents from you, they will provide instructions on how to submit those to the embassy.

Rescheduling or cancelling your interview

If you are unable to attend your appointment, please email consularharare@state.gov. **There may be a significant wait before the next available appointment**, so please attempt to attend the date already assigned. For some family-based and employment preference visa categories, a visa became available within the month you have been scheduled by NVC. DV applicants should be aware that visas are numerically limited and must be issued by September 30 of the program year. **There is no guarantee that a visa will still be available on the date of your rescheduled interview.** Please carefully consult the [Visa Bulletin](#) before you request to reschedule your interview.

Security screening procedures

All visitors to the U.S. Embassy Harare must follow certain security procedures. Any visitor who declines to be screened by U.S. Embassy security personnel will be unable to enter the embassy. To avoid delaying your entry and that of those in line behind you, please bring only what is required for your interview.

Accompanying persons

Attorneys are **not** permitted to accompany clients into the waiting room or to their interview. Only the following persons may accompany a visa applicant to their interview:

- Interpreter: Applicants may bring ONE interpreter if they do not speak English well enough to participate in an interview.
- Special Needs Visitors: Applicants may bring ONE person to help if they are elderly, disabled, or a minor child.

Immigrant visa fees

If you have not paid all required fees to the National Visa Center, please be prepared to pay these fees on the day of your interview. All fees may be paid in U.S. dollars. We accept cash and credit cards only. *Please note that if you are found ineligible to receive a visa, the application fee cannot be refunded.* A complete list of fees can be found via travel.state.gov.

Do not make travel plans outside of Zimbabwe

If your visa is approved, we will keep your passport at the embassy while we prepare your immigration packet and print a visa for your passport. In most cases, you will be able to pick up your passport and visa on the Wednesday after your interview at 3:00 p.m. If you have to travel within Zimbabwe while your passport is still with us, please make sure you have a valid picture ID other than your passport.

After Your Visa Interview

A consular officer can make a decision on a visa application only after reviewing the formal application and interviewing the applicant. ***There is no guarantee that you will receive a visa.*** Do not sell your house, car or property, resign from your job or make non-refundable flight or other travel arrangements until you have received your immigrant visa.

If more information is needed

Sometimes a consular officer is unable to make a decision on a visa application because the officer needs to review additional documents or the case requires further administrative processing. *When additional documents are requested*, the consular officer will give you a refusal letter that asks you to submit additional documents. The letter will include instructions on how to send those documents to the embassy. *Administrative processing* takes additional time after the interview. Most administrative processing is resolved within 60 days. However, the timing varies based on the circumstances of each case. Before inquiring about the status of your case, please wait **at least** 60 days after your interview.

What happens after visa approval

Passport, Visa, and Sealed Immigrant Packet – We will place your immigrant visa on a page in your passport. Please review your visa to make sure there are no spelling errors. We will also give you a sealed envelope containing documents that you must give to U.S. immigration authorities when you arrive in the United States for the first time. ***Do not open this envelope. You must carry it with you. Do not put it in your checked luggage.*** If you receive X-rays during your medical examination, carry those with you and give them to the U.S. immigration authorities.

USCIS Immigrant Fee – All individuals who are issued immigrant visas overseas must **pay an [Immigrant Fee](#)** to U.S. Citizenship and Immigration Services (USCIS) **prior to traveling** to the United States. This fee is for processing your residency status and printing your Permanent Resident Card. The only people exempt from paying this fee are: children entering the United States under the Hague Process, returning residents, and people traveling on a fiancé(e) (K) visa.

When You Should Travel – You must enter the United States *before* the expiration date on your visa, which is usually six (6) months from the date of your medical exam. Your visa cannot be extended and all fees are nonrefundable. The principal applicant must enter **before or at the same time** as other family members with visas. Unless they are eligible for benefits under the Child Status Protection Act, children who are issued a visa before turning 21 years of age must enter the United States **before** their 21st birthday to avoid losing their immigrant status.

Getting a Green Card – Your Form I-551 Permanent Resident Card, also known as a green card, will be automatically mailed to the address in the United States that you write in your visa application form. This is a very important document that proves you have permission to reside in the United States. *If you plan to travel outside the U.S. before your green card arrives:* Please consult [USCIS's](#) and [CBP's](#) websites for rules about what documents you need to re-enter the country. We also recommend you check with the airline to ensure you are in compliance with their rules. *Once your card is issued, you should not stay outside of the United States for more than one year. If you do, you may lose your status as a Lawful Permanent Resident.*

Children's Issues – In the United States, children are required to have certain vaccinations before they can enroll in school. We recommend that you bring your child's complete vaccination records with you to the United States. If your child is adopted, you have full custody as a result of a divorce, or you share custody with another parent, you should bring a copy of all applicable adoption or custody papers from the authoritative court in your home country. You will need these papers (translated into English) for issues such as school enrollment, medical care, and eventual citizenship.

Information for New Immigrants – Please visit the USCIS web page for helpful information on moving to the United States. You can read their publication "[Welcome to the United States: A Guide for New Immigrants](#)" online.

Diversity Visa Applicants – Additional Information

If you are interviewing for a Diversity Visa (DV), all of the above instructions apply to you. Please schedule and attend a [medical examination](#) prior to your visa interview, and gather the required documents.

*Below are additional instructions that apply **only** to DV applicants.*

Bring to your DV interview

In addition to the documents listed on the [Pre-Interview Checklist](#) in this package, DV applicants should also bring the following items to your visa interview:

- ☐ Appointment information printed from the “Entrant Status Check” on the [E-DV website](#).
- ☐ Documents showing that you have either a qualifying high school education **OR** two (2) years of qualifying work experience in the five (5) years immediately prior to application (for the principal applicant only; more information is available via [travel.state.gov](#)).
- ☐ Payment in cash of the \$330 Diversity Visa Application Fee for each DV applicant.

Review your DV Lottery entry

Prior to your DV interview, we recommend that you review the data on your initial E-DV entry. On your initial E-DV application, you must have correctly entered your marital status. If you are legally married you must have listed your spouse, even if you are currently separated from him/her (unless your spouse is a U.S. citizen or Lawful Permanent Resident).

Additionally, you must have listed ALL of your living children who were unmarried and under 21 years old at the time you completed the application. This includes your natural children, your spouse’s children, or children you have formally adopted in accordance with the laws of your country.

Failure to have listed an existing spouse or children at the time of your entry in the Diversity Visa lottery will result in the denial of your visa and visas for your family. Any fees paid to the U.S. government in support of your visa application(s) are nonrefundable. If you failed to include a child who had already been born, or a spouse to whom you were married when you entered the lottery, you should not proceed with the DV application. You can review the full DV eligibility requirements via [travel.state.gov](#).
